"I cannot think of a bad part of the trip – I greatly enjoyed the entire experience. I believe it provides a valuable perspective on how we all work together in a global force to accomplish global missions. Thank you very much for the opportunity to participate in the program. It was an amazing experience that I will use to educate my Airmen and Commanders on the importance of maintaining strong alliances with our NATO and Military Reserve partners."

- Capt McNally, 146<sup>th</sup> Airlift Wing, California

"The Military Reserve Exchange Program exceeded my expectations. I have never taken part in an exchange program and it was an unbelievable experience. Participating opened my eyes to how other nation's forces work. I also never thought of another country having a Reserve military force. It opened my eyes to this and it also showed that in a lot of ways, we operate and function the same way. I highly recommend any one to apply for the program. The opportunity to work with another nation's Reserve force is a very unique opportunity that should not be passed up. I am grateful for the opportunity and have many memories."

- MSgt Veziris, 157<sup>th</sup> Air Refueling Wing, New Hampshire

"I had a really good experience and I can't think of anything that I would change for the unit portion of my visit. The best part was learning about another culture first hand and getting an education about another nation's military. The only bad thing that I can say is that it went by too fast."

- Capt Neil, 139<sup>th</sup> Airlift Wing, Missouri

The best part was... "Spending time with my partner and his co-workers, talking back and forth about how they do things and how we (my unit) do things... when my exchange partner was here, he was able to give a briefing to my squadron on the Reserve that they all were immensely interested in."

- SSgt Quigley, 118<sup>th</sup> Wing, Tennessee
